Patent Pending

## Multitasking Hairdressing Comb

Multitask, Modular Hair Comb

### Problem

Hairdressers have too many tools that often waste time and money.

### Solution

A cutting comb and pintail comb in one, containing two to three sets of teeth which glide through the hair smoothly.

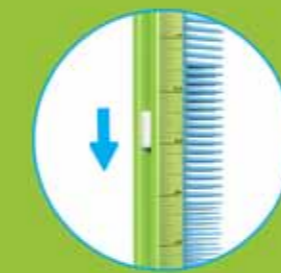

### Benefits

Hairdressers or trainees will be able to section hair more easily and accurately, saving time.

## Multitasking Hairdressing Comb

Multitask, Modular Hair Comb

Down the length of the combs are measurements and a level indicator which helps with accuracy and speed.

Main Body: Polyurethane PU

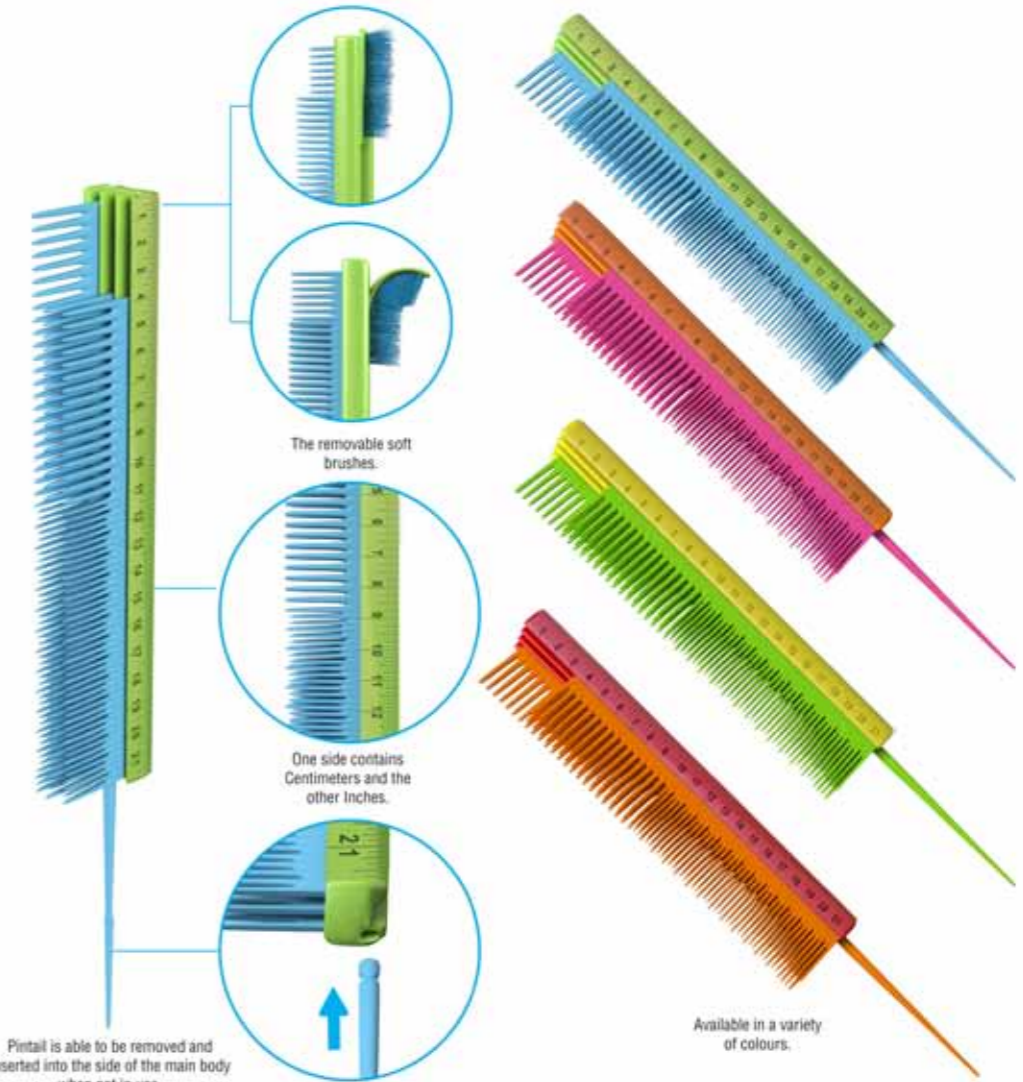

Polyurethane PU provides the main body with a rubber coating, enabling the user to have a comfortable grip.

Combs: Silicone

Main Body: 215mm X 25mm  
Comb 1: 215mm X 4mm  
Comb 2: 195mm X 4mm  
Comb 3: 195mm X 4mm

Rear view

The removable soft brushes.

One side contains Centimeters and the other Inches.

Pintail is able to be removed and inserted into the side of the main body when not in use.

Available in a variety of colours.
